Art Star is pleased to present *Landscapes of the Forgotten*, a solo exhibition by Parskid. The show will be up from March 31st – May 6th, 2007. An opening reception will be held on Saturday, March 31st, from 5-8pm.

Parskid will be presenting his new body of enamel on wood paintings. He will also be releasing 16 oz. drinking glasses, Giclee prints, and small hand mirrors.

In *Landscapes of the Forgotten* Parskid explores themes of life, death and rebirth in a haunting world of sprawling forests and deep seas. His characters flock together in these dreamlike environments where anyone could wander around and easily get lost.

Parskid was born and raised in the Pacific Northwest where he draws inspiration from his childhood, the weather, and rusty surfaces. He experiments with paint, plush, and digital mediums. His work has been exhibited in many cities in the US, including LA and NYC, and also abroad in Australia, Taiwan, Spain, and the UK. His work has been published in the following magazines: *King Brown*, *Art Prostitute*, *Cool'eh*, *Novum*, *Beautiful/Decay*, *Day in the Lyfe*, and *Dirty Soup*. As well as these published books: [Dot Dot Dash](#), [Canceled Flight](#), [War of Monstars](#), [Pictoplasma 2](#) and [Monstaah!](#). When he's not curled up in his dark underground lair her enjoys dripping marsh ink, spraying rusto paint, and playing by the tracks.
